

M-tec M200

P1 PLASTERING
SUPERSTORE

110V/50HZ

Pumping distance up to 25m
Standard output at 18 l/min

M-tec M200 110v Rendering Machine

There is simply no job too big or too small for this machine – it's the perfect partner for either the domestic or commercial contractor

THE PLASTERERS
ONE STOP SHOP

M-tec M200

With an output of up-to 18l/min, the M200 will give the larger machines a run for their money, especially with a pumping distance of 25m

The M200 comes with a built-in 4 way speed control, and the ability to spray a wide range of products at different speeds. Due to the versatility of the machine, Render, Hardwall and even Thin Coat Render can be sprayed.

Technical characteristics

Length	1060 mm
